

Counterfeit Materials Policy Statement

Delta Electronics Manufacturing Corporation understands there is a worldwide problem concerning counterfeit components entering the supply chain and is committed to sourcing components and materials from companies that share our values.

Delta Electronics is committed to provide quality products and will procure its components from the following sources:

- Component OEM Direct
- Component OEM authorized distributor
- Component OEM authorized agent/representative

Where components are obsolete/EOL or allocated/hard to find, Delta Electronics will purchase only from known and reputable sources. In an effort to mitigate our exposure to counterfeit components, purchasing directive is to procure product through only franchised distributors. In the event that a situation demands the need to obtain product through alternate sources such as Independent Distributors or the Broker network, we seek to purchase through only those organization that are members of one or more of the following organizations:

SIA: Semiconductor Industries Associates
ECIA: Electronic Components Industry Association
COG: Components Obsolescence Group (UK & Germany)
IDEA: Independent Distributors of Electronics Association
TECS: Chinese Reliability Electronic Components Supplier
ERAI: Electronic Resellers Association International
AFDEC: Association of Franchised Distribution of Electronic Components (UK)
CEDA: China Electronics Distributor Alliance
CCAP-101: Counterfeit Component Avoidance Program

These are associations that promote best purchasing practices and disseminate information about combating counterfeiting in the industry.

Our sources are continually monitored for its order history information for quality, performance and service prior to procurement. Delta Electronics maintains an approved supplier list in accordance with our AS9100/ISO9001 certified Quality Management System.

Delta Electronics utilizes SAE AS5553 (Counterfeit Electronic Parts, Avoidance, Detection, Mitigation and Disposition) guidance and participates in the GIDEP (Government Industry Data Exchange Program), a resource that provides up-to-the-minute reporting of counterfeit parts incidents.
